PRP
SOLUTIONS
Productivity. Compliance. Real-Time.

What We Do

PRP Solutions offers a real-time, cloud-based, workforce management solution that enables businesses to streamline their operations, improving productivity, and achieving increased compliance with industry regulations and company policies

Make Productivity Your Competitive Advantage

Our Solutions

Advanced Scheduling – Roster shifts, prevent overstaffing, and keep your team on track

Time & Attendance – Track hours, compare schedules, and simplify payroll

Leave Management – End-to-end process for leave applications, enforcement of balance checks, approval, and interface to payroll

Payroll Processing – Automated calculations, in line with company policies and labour regulations

Budgeting & Forecasting – Plan ahead, control costs, and forecast to improve labour efficiencies

HR Compliance – Customised onboarding workflows, disciplinary management, training recording, and B4Checks, which enforce compliance to trackable certifications e.g. medical certificates, drivers licenses etc

Vendor Management – Manage internal and external temporary labour, track usage, and stay within budget

Access Control – Secure zones, manage access, and protect your premises

Our Products

Honeycomb Management Portal

Our flagship portal enables managers to plan and optimise labour, oversee operations, and ensure performance, and compliance

Buzz Mobile App (Employee Portal)

A mobile experience for employees to view schedules and timesheets, apply for leave, view and download payslips and documents, send and receive communications, and clock with geo-fencing

Employee Devices (Biometric Clocking)

A wide range of devices that support fingerprint, facial recognition and card-based clocking, with various network options e.g. LAN, Wi-Fi, 4G Cellular

Beeline Ticketing System

A custom-built support ticketing portal to streamline and track client queries and issue resolution

We Solve Your Pain Points
