Available on order

CONNECTION

4G Cellular or LAN

USAGE & CONSIDERATIONS

- High traffic sites
- Can be used outdoors. Rated IP65
- Wall mounted only
- High-end 4G cellular option
- Face and finger combo

Not sure which device fits your site? **Let's talk it through.**

Traffic volume, connectivity, indoor vs. outdoor, and how fast you need it on-site all shape the right choice. PRP Solutions will help you match the device to the deployment before you commit to a PO.
